

AMTS 2

Advanced Auto MTS & LED Therapy Device

Double up performance
Reasonable price
Zero failure rate

Patent

10-0852500
10-0913493

DEPTH CONTROL

6,000 RPM

Adjustable 4 steps for speed

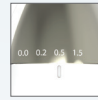

BLUE LED

AMTS 2

SPECIALIZED

6,000 RPM - Adjustable 4 steps for speed (3,000~6,000 RPM)
The high speed needling creates adequate number of micro channels in shorter time

Depth control (0~2.0mm)
The depth of needle is adjustable by turning

Blue LED
Blue LED makes soothing and sterilizing effects

Rechargeable / Wireless use
Micro 5pin recharger & wireless use

BENEFITS OF AMTS 2

- Skin Rejuvenation
- Acne Scar Reduction
- Whitening
- Enhancement of Skin Elasticity
- Stretch Mark Reduction
- Solution Activation & Permeation
- Wrinkle Reduction
- Stimulation for Hair Growth

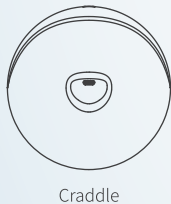

Category	Others	AMTS 2	Remarks
RPM	2,000 ~ 6,000	6,000	Adjustable 4 steps for speed
Needling power	Normal	Twice stronger than others	Enough for 2mm treatment
Depth control	Available	Available	0 ~ 2.0mm
Durability	Normal	Excellent	Simple structure
Power	Adaptor	Rechargeable battery	Wireless
Price	Normal	Reasonable	15 years manufacturing experience
Additional function	-	Blue LED	Sterilizing effect

COMPONENTS

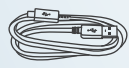

Handpiece

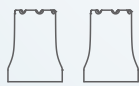

Cradle

Cartridge 2EA (9pin 2mm)

Micro 5pin cable

SPEC

Product name	Skin Beauty Device		
Model name	AMTS 2		
Manufactured by	Mcure Co., Ltd.	Manufactured in	Republic of Korea
Using time	2hours, Lv 1 (Continuous use)		
Recharge time	1hour 30minutes		
Product size	Handpiece - W 200mm * D 36mm / Cradle - D 110mm * H 50mm		
Purpose of use	Skin regeneration & Solution permeation		
Battery	lithium polymer 700mAh		
Rating	Input - AC 100~240V 50/60Hz, Output - DC 5V		
Weight	400g (Weight after packaging)
